2 Days

8.30 AM - 6.30 PM

Course Fee

From **\$129.16** (inclusive of GST)
after **90% SkillsFuture Funding**

Mode of Delivery

Face-to-Face Classroom or
Online-Based Classroom (Zoom)

This course is accredited by SkillsFuture
Singapore under the WSQ Skills Framework
Course Code: TGS-2023020906

Who Should Attend

This course is suitable for individuals already working in the digital marketing field within brands or agencies or those aspiring to do so.

@ASK Training is a **Private Education Institution (PEI)** accredited by the Ministry of Education and is a **Continuing Education and Training (CET) Centre**, offering a diverse range of WSQ Digital Marketing Courses with up to 90% funding and job placement programmes.

Minimum Entry Requirements

To enrol in this WSQ Advanced Digital Marketing Analytics Course, you should possess the following:

- 1 GCE 'O' level or equivalent (\geq 21 years old); or
- NITEC/Higher NITEC (\geq 21 years old); or
- Mature candidates (\geq 30 years old with 8 years of work experience); or
- Candidates with other qualifications will be considered on a case-by-case basis

You will need basic computer skills. While optional, having a basic understanding of sales and marketing concepts would be beneficial.

COURSE DESCRIPTION

Google Analytics 4 is a powerful tool for digital marketers, particularly for making data-driven decisions in marketing. Unlike traditional methods, it excels at capturing the complex web of consumer interactions across various channels, unlocking new opportunities for marketing optimisation.

Our 2-Day WSQ Advanced Digital Marketing Analytics (Google Analytics) course is meticulously crafted for digital marketers hungry for advanced knowledge and skills in harnessing Google Analytics to its full potential. Explore the depths of data collection, tracking, reporting, and analysis.

Learn how to manage market research and analytics projects, setting up clear rules for collecting, combining, and analysing data. By the end of this GA4 training course, you'll be confident in using Google Analytics to guide your marketing decisions and improve your campaigns.

COURSE HIGHLIGHTS

Learning Objectives:

- Implement custom events to track specific user interactions, user engagement measurement on their website per privacy regulations.
- Utilise the right e-commerce tracking dimension and set up conversion goals and funnels to gain insights into the conversion process on their website.
- Harness Google Analytics for data-driven decision-making, including custom pre-defined reports for deeper insights to traffic and user acquisition, content engagement to optimise website performance and marketing strategies.
- Use secondary dimension and segmentation to derive meaningful insights from Google Analytics.
- Apply advanced reporting techniques and strategies for optimising website performance and marketing efforts based on data-driven insights.
