Master Comprehensive Digital Strategies for Business
Success

Course Duration

2 Days
8.30 AM - 6.30 PM

Course Fee

From **\$129.16** (inclusive of GST)
after **90% SkillsFuture Funding**

Mode of Delivery

Face-to-Face Classroom or
Online-Based Classroom (Zoom)

This course is accredited by SkillsFuture
Singapore under the WSQ Skills Framework
Course Code: TGS-2023020903

Who Should Attend

This course is suitable for marketing professionals in senior roles, business owners, SME executives and any individual who is interested in the digital transformation of their organisation.

@ASK Training is a **Private Education Institution (PEI)** accredited by the Ministry of Education and is a **Continuing Education and Training (CET) Centre**, offering a diverse range of WSQ Digital Marketing Courses with up to 90% funding and job placement programmes.

Minimum Entry Requirements

To enrol in this WSQ Advanced Digital Marketing Strategy course, you should possess the following:

- 1 GCE 'O' level or equivalent (≥ 21 years old); or
- NITEC/Higher NITEC (≥ 21 years old); or
- Mature candidates (≥ 30 years old with 8 years of work experience); or
- Candidates with other qualifications will be considered on a case-by-case basis

You will need basic computer skills. While optional, having a basic understanding of sales and marketing concepts would be beneficial.

COURSE DESCRIPTION

Building on foundational digital marketing concepts, the 2-day WSQ Advanced Digital Marketing Strategy course focuses on advanced strategies to maximise the impact of your digital marketing campaigns. Explore cutting-edge techniques and hands-on exercises by building on what you already know, then work on real-world case studies and teamwork activities to help you apply these concepts in practical ways.

This course fosters a collaborative learning environment that encourages creative thinking and critical analysis, empowering you to drive tangible business outcomes through digital channels. You'll learn how to craft strategies that drive results and adapt to changes in the market, all while considering emerging trends and customer needs.

By the end, you'll have the skills to create effective digital campaigns that make a real difference for your business or organisation.

COURSE HIGHLIGHTS

Learning Objectives:

- Analyse current and emerging digital marketing trends, technologies, and competitor strategies to identify potential opportunities and threats for the organisation's product or service.
- Develop an integrated digital marketing strategy that effectively combines various channels and tactics, from awareness building to enhancing customer lifetime value, tailored to the organisation's specific goals and target audience.
- Assess the organisation's current digital marketing capabilities and infrastructure, identifying key areas for improvement and formulating a strategic plan to enhance digital competencies and technological resources.
- Create a digital transformation plan for implementation that aligns the organisation's product or service offerings with market trends and customer preferences, including the internal communications of the marketing strategy.

COURSE **OUTLINE**

➤ **Module 1: Understanding and Researching the Digital Landscape**

- Latest Digital Trends and Marketing Technology
- Research on Market and Digital Trends
- Audit of Competitor and Consumer Insights

➤ **Module 2: Strategy Development and Planning**

- Digital Strategy Concepts
- Advanced Digital Marketing Strategy Development
- Individual Digital Marketing Channel Strategies

➤ **Module 3: Operational Assessment and Capability Building**

- Audit of Current Digital and Technology Capabilities
- Digital Transformation Plan and Implementation Roadmap
- Marketing Automation and Technology Stack Implementation

➤ **Module 4: Alignment and Implementation**

- Alignment of Product/Service Priorities with Digital Transformation
- Development of Team Capabilities and Organisational Structure

➤ **Hands-on Project-based Assignment**

At the end of this course, the trainees should be able to apply advanced digital marketing strategies, from initial research to strategy development, operational assessment, and implementation plans.
