INTRODUCTION TO INFORMATION TECHNOLOGY (IT)

Course Synopsis

The Introduction to Information Technology course provides participants with a fundamental understanding of the Information Technology (IT) landscape in Singapore. It is designed to be a comprehensive introduction, the curriculum delves deep into the heart of IT, focusing on **current trends** in the industry, **key job roles** in Singapore's IT sector, **foundational hardware** and **software concepts**, and the **essential terminologies** that are pivotal to success in the field. With a blend of theoretical knowledge and practical insights, the course aims to prepare trainees for a potential career in IT within Singapore and beyond.

Course Code: TGS-2026064610
